Attached are the random program status sheet and control list for your employees subject to testing that have been selected for random drug and/or alcohol testing.

### **RANDOM TESTING PROCEDURES**

Employees are not to be notified that they should report for random testing until the supervisor responsible is sure that the selected employees are available to report to the collection site immediately upon notification.

If your name is listed as a primary selection, you must proceed to the collection facility immediately to be compliant with the policy requirements.
